DSZC18 HIGH-EFFICIENCY HEAT PUMPS

Thank goodness for Goodman®

Air Conditioning & Heating

ENERGY-SAVING EFFICIENCY WITH GOODMAN

When properly matched, your Goodman® brand DSZC18 Heat Pump offers up to 18 SEER high-efficiency performance. "SEER" stands for Seasonal Energy Efficiency Ratio, a measure used by the U.S. Department of Energy to rate the efficiency of air conditioners and heat pumps. The higher the SEER, the greater the efficiency—and the lower the operating cost. Your Goodman brand DSZC18 Heat Pump also can provide high-efficiency heating performance up to 9.5 HSPF (Heating Seasonal Performance Factor).

COMFORT. SAVINGS. PERFORMANCE.

ENJOY THE COMFORT OF A GOODMAN BRAND HEAT PUMP

Beat the summer heat and the winter cold with a Goodman brand DSZC18 R-410A Heat Pump — a unit that provides you with high-efficiency, reliable performance and quiet operation. This heat pump's problem-free operation and outstanding features add up to a refreshingly affordable value compared to lower SEER units.

EXPERIENCE QUIET COMFORT

You can be assured that your Goodman brand heat pump will provide you with quiet cooling and heating all year long. To minimize operating sounds, we've acoustically engineered our systems with enhancements that include a compressor sound-reduction cover made of high-density foam and a specially-designed wire discharge grille. Additionally, the two-speed operation of the condenser fan motor allows your outdoor fan to run more often at a lower speed.

COMMITMENT TO QUALITY ENGINEERING

Always in pursuit of the highest performance and efficiency, our engineers are

constantly evaluating the latest and most reliable technology and applying it to every Goodman brand heat pump.

But best of all, your new air conditioner is compatible with the ComfortNet™ system of communicating products. With a large assortment of built-in features, your contractor can auto configure, monitor and review data from the system. This allows for optimum performance and accurate detection of any system-related issue.

R-410A REFRIGERANT

Compared to lower SEER, R-22 refrigerant units, your new Goodman brand DSZC18 heat pump system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is environmentally-friendlier than R-22 refrigerant.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of heat pump compressors.

IMPRESSIVE FEATURES AND BENEFITS: **GOODMAN® BRAND DSZC18** **R-410A HIGH-EFFICIENCY HEAT PUMP**

- High-Efficiency up to 18 SEER Cooling Performance
- High-Efficiency Heating (Up To 9.5 HSPF)
- ComfortNet™ Communicating Systems Compatible
- Chlorine-Free R-410A Refrigerant
- Two-Stage UltraTech Copeland® Scroll Compressor
- Factory-Installed, Bi-Flow Liquid-Line Filter Drier
- 5mm SmartCoil™ Condenser Coil in Select Models
- High- and Low-Pressure Switches
- Quiet Operation:
 - A high-density foam compressor sound cover
 - Efficient fan motor
 - A wire fan discharge grille
- Louvered Cabinet made of Heavy-Gauge Galvanized Steel that Protects the Coil
- Appliance-Quality, Post-Paint Finish Resists the Effects of Weather and Time
- SmartShift™ Defrost Technology with Short-Cycle Protection
